GENERAL PROVISIONS

70.01 STATE HIGHWAY TRAFFIC REGULATIONS ADOPTED BY REFERENCE.

(A) The Highway Traffic Regulations Act is hereby adopted by reference. The regulatory provisions of M.S. Chapter 169, as it may be amended from time to time, are hereby adopted as a traffic ordinance regulating the use of highways, streets and alleys within the city and are hereby incorporated in and made a part of this section as completely as if set out in full herein.

(B) The penalty for violation of the provisions of state statutes adopted by reference in this section shall be identical with the penalty provided for in the statutes for the same offense.

70.02 TRUCKS PROHIBITED ON CERTAIN STREETS.

(A) As authorized by M.S. § 169.87, as it may be amended from time to time, the City Council has designated all county and state highways within the City as truck routes where travel by commercial vehicles in excess of 10,000 pounds axle weight is permitted. Except as otherwise provided herein, travel by commercial vehicle on all City streets other than truck routes is prohibited. No person shall operate a commercial vehicle on posted streets in violation of the restrictions posted.

(1) Seasonal weight restrictions. The City road superintendent may prohibit the operation of vehicles upon any street under his jurisdiction or impose weight restrictions on vehicles to be operated on such street whenever the street, by reason of deterioration, rain, snow or other climatic conditions, will be seriously damaged or destroyed unless the use of vehicles on the street is prohibited or the permissible weights thereof reduced. He shall erect and maintain signs plainly indicating the prohibition or restriction at each end of that portion of the street affected. No person shall operate a vehicle on a posted street in violation of the prohibition or restrictions. The annual seasonal prohibition period shall coincide with the annual seasonal weight restrictions of Crow Wing County.

(B) The weight restrictions established in division (A) shall not apply to city or emergency vehicles, public school buses, garbage and refuse trucks making regular collections and are under contract with the city, recycling trucks used exclusively for collection of recycling materials pursuant to a city mandate to provide curbside recycling, and implements of husbandry operated in compliance with M.S. § 169.801, as it may be amended from time to time, and city, county and state road authority vehicles engaged in snow and ice removal or flood control operations on behalf of a state or local government. The weight restrictions in division (A) also do not apply (but the seasonal road restrictions in division A(1) do apply) if a commercial vehicle must use the particular street in question for the purpose of local pick-up or delivery, or if a particular street must be used for the owner/operator to get home, in which case the shortest route from a truck route must be taken.

(C) Pursuant to M.S. § 169.84, the gross weight of any vehicle or combination of vehicles driven onto or over a bridge on any city street or highway shall not exceed the safe capacity of the bridge, as may be indicated by warning posted on the bridge or the approaches thereto.

(D) Pursuant to M.S. § 169.86, M.S. § 169.862 and M.S. § 169.865, the City Clerk may issue a permit for heavier loads to travel on streets where otherwise restricted. The City Clerk may issue such a permit upon applicant provision of adequate insurance, execution of a written agreement to pay the city costs of any repairs the roadway, curbs, ditches and right-of-way necessitated by the permittee's damage

to the roadway and to defend and indemnify the city against all claims related to the permittee's use of the roadway, and posting of a bond or other financial security in an amount adequate to cover city expenses, including but not limited to repair costs related to any damage to the road. Any person aggrieved by a permit denial may appeal the denial to the City Council within 30 days of such denial. Permits issued under this provision are good for five consecutive business days. No person, corporation or other entity may obtain more than three permits per year. The permit fee shall be set by the Ordinance establishing fees and charges for the city.

Penalty, see § 10.99

70.03 STOP INTERSECTIONS.

Pursuant to M.S. § 169.04, as it may be amended from time to time, the city may designate intersections as a stop intersection and require all vehicles to stop at one or more entrances to those intersections. The city shall post signs at those designated intersections, giving notice of the designation as a stop intersection. It shall be unlawful for any person to fail to obey the markings or signs posted under this section.

Penalty, see § 10.99

70.04 THROUGH STREETS AND ONE-WAY STREETS.

Pursuant to M.S. § 169.04, as it may be amended from time to time, the City Council by resolution may designate any street or portion of a street as a through street or one-way street where necessary to preserve the free flow of traffic or to prevent accidents. No trunk highway shall be so designated unless the consent of the Commissioner of Transportation to the designation is first secured. The city shall cause appropriate signs to be posted at the entrance to designated streets. It shall be unlawful for any person to fail to obey the markings or signs posted under this section.

Penalty, see § 10.99

70.05 TURNING RESTRICTIONS.

(A) (1) Pursuant to M.S. § 169.04, as it may be amended from time to time, the City Council by resolution may, whenever necessary to preserve a free flow of traffic or to prevent accidents, designate any intersection as one where turning of vehicles to the left or to the right, or both, is to be restricted at all times or during specified hours. No intersection on a trunk highway shall be so designated until the consent of the Commissioner of Transportation to the designation is first obtained.

(2) The city shall mark by appropriate signs any intersection so designated.

(3) No person shall turn a vehicle at any intersection contrary to the direction on those signs.

(B) Except at intersections, and then only if not posted otherwise, it shall be unlawful for any person operating a motor vehicle on any street to cross the center of the street for the purpose of parking on the side of the street opposite the original direction of travel.

(C) It shall be unlawful for any person operating a motor vehicle on any street to back up or drive from a parked position and commence travel in the opposite direction from which the motor vehicle faced when parked.

Penalty, see § 10.99

70.06 U-TURNS RESTRICTED.

No person shall turn a vehicle so as to reverse its direction on any street in the business district or at any intersection where traffic is regulated by a traffic control signal.

Penalty, see § 10.99

70.07 EXCESSIVE NOISE.

(A) As used in this section:

(1) **LIGHT-MOTOR VEHICLES** means any automobile, van, motorcycle, motor-driven cycle, motor scooter, go-cart, minibike, trail bike, neighborhood electric vehicle, golf cart, mini truck, all terrain vehicle, truck with a gross vehicular weight of less than 10,000 pounds or low power vehicle.

(2) **LOW POWER VEHICLE** for the purposes of this section means a vehicle with a gas, electric or battery powered engine that may achieve a maximum vehicle speed of 35 miles per hour.

(B) It shall be unlawful for any person to operate, or cause to operate, or use a light-motor vehicle in a manner as to cause, or allow to be caused, excessive noise levels as a result of unreasonable rapid accelerations, deceleration, revving of engine, squealing of tires, honking of horns, or as a result of the operation of audio devices including but not limited to radios, phonograph, tape players, compact disc players or any other sound-amplifying device on or from the light-motor vehicle.

(C) No person shall operate, or cause to operate, or use a light-motor vehicle in violation of the noise standards contained in Minn. Rules parts 7030.1050 and 7030.1060, as it may be amended from time to time.

(D) No person shall operate, or cause to operate, or use a light-motor vehicle that discharges its exhaust other than through a muffler or other device that effectively prevents loud or explosive noises. No person shall operate, or cause to operate, or use a light-motor vehicle whose exhaust system has been modified, altered, or repaired in any way, including the use of a muffler cut-out or by-pass, that amplifies or otherwise increases noise above that emitted by the light-motor vehicle as originally equipped.

(E) The following are exempted from the provisions of this section:

(1) Sound emitted from sirens of authorized emergency vehicles;

(2) Burglar alarms on light-motor vehicles of the electronic signaling type which also transmit an audible signal to a receiver which can be carried by the owner or operator of the vehicle; and

(3) Celebrations on Halloween and other legal holidays and celebrations in connection with duly authorized parades.

Penalty, see § 10.99

70.08 EXHIBITION DRIVING PROHIBITED.

No person shall turn, accelerate, decelerate or otherwise operate a motor vehicle within the city in a manner which causes unnecessary engine noise or backfire, squealing tires, skidding, sliding, swaying,

throwing of sand or gravel, or in a manner simulating a race. Unreasonable squealing or screeching sounds emitted by tires or the unreasonable throwing of sand or gravel by the tires is prima facie evidence of a violation of this section.

Penalty, see § 10.99

70.10 MOTOR VEHICLE NOISE.

(A) *Definitions.* For the purposes of this section, the following phrases are defined as follows:

ABNORMAL OR EXCESSIVE NOISE.

(a) Distinct and loudly audible noise that unreasonably annoys, disturbs, injures, or endangers the comfort and repose of any person or precludes their enjoyment of property or affects their property's value;

(b) Noise in excess of that permitted by M.S. § 169.69, as it may be amended from time to time, which requires every motor vehicle to be equipped with a muffler in good working order; or

(c) Noise in excess of that permitted by M.S. § 169.693 and Minn. Rules parts 7030.1000 through 7030.1050, as this statute and these rules may be amended from time to time, which establish motor vehicle noise standards.

ENGINE-RETARDING BRAKE. A dynamic brake, jake brake, Jacobs brake, C-brake, Paccar brake, transmission brake or other similar engine-retarding brake system which alters the normal compression of the engine and subsequently releases that compression.

(B) It shall be unlawful for any person to discharge the exhaust or permit the discharge of the exhaust from any motor vehicle except through a muffler that effectively prevents abnormal or excessive noise and complies with all applicable state laws and regulations.

(C) It shall be unlawful for the operator of any truck to intentionally use an engine-retarding brake on any public highway, street, parking lot or alley within the city which causes abnormal or excessive noise from the engine because of an illegally modified or defective exhaust system, except in an emergency.

(D) Minnesota Statutes §§ 169.69 and 169.693 (motor vehicle noise limits) and Minn. Rules parts 7030.1000 through 7030.1050, as these statutes and rules may be amended from time to time, are hereby adopted by reference.

(E) Signs stating “VEHICLE NOISE LAWS ENFORCED” may be installed at locations deemed appropriate by the City Council to advise motorists of the prohibitions contained in this section, except that no sign stating “VEHICLE NOISE LAWS ENFORCED” shall be installed on a state highway without a permit from the Minnesota Department of Transportation. The provisions of this section are in full force and effect even if no signs are installed.

70.11 PEDESTRIAN CROSSINGS.

Pursuant to M.S. § 169.2151, as it may be amended from time to time, the city is authorized to

designate pedestrian safety crossings on exclusive city streets where pedestrian safety considerations require extra time for pedestrian crossing in addition to the time recommended under the Minnesota Manual on Uniform Traffic Control Devices for pedestrian signals. The city may provide for timing of pedestrian signals for such crossings, consistent with the recommendations of the uniform manual for pedestrian signal timing at senior citizen and disabled pedestrian crossings. The location of such crossings may be designated by resolution.

70.12 CROSSINGS FOR SENIORS OR DISABLED PERSONS.

Pursuant to M.S. § 169.215, as it may be amended from time to time, the city may designate a crossing for senior citizens or disabled persons on any exclusive city street in the vicinity of a senior citizen housing project, senior citizen nursing home, or residential care facility for disabled persons on the basis of an engineering and traffic investigation prescribed by the Commissioner and subject to the uniform specifications adopted by the Minnesota Commissioner of Transportation.

(A) The City Council may by resolution order the placing of signs, devices or marks, or the painting of streets or curbs prohibiting or restricting the stopping, standing or parking of vehicles on any street where, in its opinion, as evidenced by a finding in its official minutes, the stopping, standing or parking is dangerous to those using the highway, or where the stopping, standing or parking of vehicles would unduly interfere with the free movement of traffic. The signs, devices, marks or painting shall be official signs, devices, marks or painting, and no person shall stop, stand or park any vehicle in violation of the restrictions thereon or as indicated thereby.

(B) “No parking” signs may be placed by city employees on any street of the city to permit

(C) It shall be unlawful for a person to park in an area designated by Council resolution and posted as a fire lane.

(D) It shall be unlawful for a person to park a vehicle or permit it to stand, whether attended or unattended, on an alley within the city, provided that this does not prohibit the parking of vehicles for less than one hour on an alley for the purpose of access to abutting property for loading or unloading merchandise or other material when parking on the property itself is not available.

(E) It shall be unlawful for a person to park a motor vehicle in an area designated by posted signs pursuant to Council resolution for certain types of vehicles, unless the motor vehicle is one of the types of vehicles specifically permitted.

(F) Every vehicle parked upon any street with a curb shall be parked parallel to the curb, unless angle parking is designated by appropriate signs or markings. On streets with a curb, the right-hand wheels of any vehicle parked shall be within one foot of the curb. On streets without a curb, the vehicle shall be parked to the right of the main traveled portion of the street and parallel to it and in such a manner as not to interfere with the free flow of traffic, unless angle parking is designated by appropriate signs or markings.

Penalty, see § 10.99

71.04 DECLARATION OF SNOW EMERGENCY; PARKING PROHIBITED.

(A) After two inches or more of snow have accumulated, no motor vehicle shall be left parked on any street or public way in the city until the street is cleared on both sides of accumulated snow.

(B) Any police officer or city appointed official, appointed pursuant to M.S. § 168B.035, Subd. 2, who finds a motor vehicle in violation of this section shall attempt to contact the owner of the motor vehicle and require the owner to immediately move the motor vehicle so as not to be in violation of this section. Penalty, see § 10.99

71.07 REPAIRING OF VEHICLES.

Minor repairs and tune-ups, such as replacement of spark plugs, spark plug wires, thermostat, radiator or heater hoses, oil changes and brake jobs shall be permitted on city streets; provided, that they can be accomplished within the same day and completed by 10:00 p.m. All other repairs shall be considered major repairs and shall not be permitted on any city street, unless the repairs are made within an enclosed structure allowed within the zoning district. Damage to city streets because of repairs or lack of repairs shall be charged to the person responsible for the damage to the city streets.

71.08 PROHIBITING PARKING AREAS IN FRONT YARDS IN RESIDENTIAL ZONES.

(A) The construction, operation or maintaining a parking area, either paved or unpaved, in the front yard of any lot is prohibited in any area zoned for residential use. For the purpose of this section, front yard shall mean and include that area between the sidewalk, or street line in the event there is no sidewalk, and the front line of the principal building, extending in both directions to the side lot lines.

(B) Use of that portion of a vacant lot within 30 feet of the sidewalk lines for parking in an area zoned for residential use is prohibited.

Each and every day on which any person continues to violate the provisions of this section, after having been notified of the violation, shall constitute a separate offense. This conviction shall not relieve any person from thereafter complying with the provisions of this section and shall be sufficient cause to refuse further building or land use permits to the offender until a time as the orders have been complied with.

Penalty, see § 10.99

71.09 IMPOUNDMENT.

Any police officer or city appointed parking enforcement officer, appointed pursuant to M.S. § 168B.035, Subd. 2, may order the removal of a vehicle from a street to a garage or other place of safety when the vehicle is left unattended and constitutes an obstruction to traffic or hinders snow removal, street improvements or maintenance operations. The vehicle shall not be released until the fees for towing and storage are paid in addition to any fine imposed for violation of this chapter.

71.10 PRIMA FACIE VIOLATIONS.

Pursuant to M.S. § 169.34, Subd. 2, as it may be amended from time to time, the presence of any motor vehicle on any street when standing or parked in violation of this chapter is prima facie evidence that the registered owner of the vehicle committed or authorized the commission of the violation.
